

SeatGeek

Accepting Tickets

Web

Click **Accept Tickets** in your Account Manager

The screenshot displays the SeatGeek account manager interface for an Arizona Cardinals account. At the top, the SeatGeek logo and a user identifier 'RS' are visible. The main header area features the Arizona Cardinals logo and the text 'My Arizona Cardinals Account' with an 'Account #' label. A navigation menu includes 'Tickets', 'Offers', 'Payment', and 'Profile', with 'Tickets' being the active section. On the right, there is a 'Contact Team Rep' link with phone and email icons. Below the navigation, the 'Tickets' section is shown with a search icon and a 'Filter' option. A single ticket entry is displayed, indicating '2 Incoming Tickets From [redacted]'. This entry includes a 'Decline' button and an 'Accept Tickets' button, which is highlighted with a blue border. The ticket details specify 'Cardinals Game 1' and 'Section 101 · Row 15 · Seats 1-2'.

The tickets sent to you will now be yours!
